## AMENDEMNT UNDER 37 CFR 1.312

## REMARKS

This amendment is made responsive to the NOTICE OF DRAWING INCONSISTENCY (copy enclosed) adding a figure description for Fig. 4 in the BRIEF DESCRIPTION OF THE DRAWINGS. It should be noted that a first amendment under 37 CFR 1.312 was filed 04/30/2004 correcting the drawings as required by the Official Draftsperson and the specification to add altered figure descriptions in the specification, although the amendment to the BRIEF DESCRIPTION OF THE DRAWINGS in that amendment was incorrect as it left out the descriptions to Figs. 3 and 4. The corrected formal drawings were filed 05/03/2004.

The current amendment re-inserts the figure description for Fig. 3, and adds a new figure description for Fig. 4 as currently required. No new matter is added with this amendment, as it merely complies with formal requirements of the Office.
